Microfilm Shelf List; Vol. 1-15, 17-21, 24-26, 31-32, 37-38

Researchers should prepare a list of the names and surnames of individuals in which they are interested. Then, they should examine the V.J. Kaye Finding Aid (H-2990) to see if any of the names (or variations) may be included in the Finding Aid. Once a file(s) in the fonds has been identified, they should identify the Microfilm Reel Number (H-0000). With the Microfilm Reel Number, the researcher can access the digitized documents from the files in *Canadiana Heritage, Vladimir Julian Kaye fonds* (39 reels) at
