Cemetery Project

We are now in the process of transcribing the information from the records of the Notre Dame Cemetery's Ukrainian section. Our objective is to match these records with the information on the headstones and publish this information for genealogical purposes. Bud Budzinski and I (Ted Lomatski) have now spent a few days there and are now in our stride. Our thanks to Yvon Lacroix and Colleen Kane of Notre Dame for their excellent co-operation. We are also looking to identify the other cemeteries where Ukrainians are buried and include them at a later date. Also, if you know of anyone who is Ukrainian and may be buried in another area at Notre Dame, please let us know so that they can be included.. In addition, we would like to know of other individuals that might be buried in other locations in the NCR so that they can be included in a separate listing. We will post a form on the web so that everyone will know what information is required and so that it can be sent to us in a standard format.

Submissions for Publication

We are actively soliciting information for publication during the coming year. Please see the October notice for further details.

Resource Centre Needs

We are still looking for a donation of a metal stationery cabinet, or some type of file cabinet to store our materials. This cabinet should be of a type that can be locked, although a lock need not be supplied.

Our other need of course is for materials for the Resource Centre. Maps of Ukraine from all periods, settlement maps of Canada, census information, local histories, cemetery records, church histories, reference materials, family histories, journals from genealogical societies, general genealogical reference and how-to books are all needed.

Meeting Schedule 2000 - 2001
